

REAL ESTATE PROJECT OETRANGE

REF. 6367

Trengen Knapp

This architectural project of two subdivisions is composed of one two-family house and one semi-detached house per subdivision. It is a qualitative and ecological project thanks to its A-A energy qualification.

This property is characterized by a contemporary architectural concept that pays particular attention to detail and high-end services, guaranteeing optimal comfort thanks to living rooms with beautiful volumes open to the outside through large bay windows.

This exceptional project is ideally oriented and benefits from sunshine throughout the day. Another particularity of this property is the comfort represented by the private elevator provided for each housing unit.

Located in the southeast of the country, this residential project is well served by the E29 freeway, which allows you to reach the capital's city center in about ten minutes. Numerous small shops and supermarkets are located in the direct vicinity.
